

Dear EONJ Member:

It is my pleasure to share my personal vision and mission and the strategic Board priorities for the coming year. Please support the efforts of the Board in helping to carry out their initiatives and in engaging our own entrepreneurs to learn and grow. All of the members on the Board are volunteers and I cannot thank them enough for their time, energy, dedication to the Chapter, and most importantly their servant leadership. Our Chapter will continue thrive for so long as we are engaged with each other, participate in events, help to grow our membership, and most importantly take ownership of our EO Experience and constantly abide by EO Core Values. I look forward to serving the Chapter with passion and excellence.

Harris

EO CORE VALUES

BOLDLY GO! This is what we’ve done all our lives. It’s what allows us to grow and take risks. It inspires us to never give up, celebrating failures as well as successes. It’s an innate instinct born out of courage, creativity and eternal optimism.

THIRST FOR LEARNING: Our most valuable asset is wisdom gained through our appetite for knowledge and the transformational experiences that we share with our peers. A thirst for learning leads to an open mind, and an open mind leads to greater opportunities.

MAKE A MARK: We are not afraid of challenging conventions. We are in control of our own destiny, and with that come great responsibilities: To build value. To make a difference. To leave a legacy. We are willing to put in the effort to transform any experience into a positive one for all.

TRUST AND RESPECT: In business, as in life, integrity is everything. Within our organization, integrity goes deeper than just the game rules— it is our code of conduct. Confidence, respect and inclusiveness are imperatives. Non-judgment and non-solicitation are non-negotiable.

COOL: Cool defines our approach, our attitude and our experiences. As we carve our own path, we are reinventing the experience of what it means to be an entrepreneur. We are vibrant and progressive. We commit to forward thinking. We commit to innovation. We commit to cool.
