

Tele-Data Solutions recognized by CoreDial for outstanding achievements in Cloud-Based Unified Communications Services

Union, NJ—May 9, 2017— Tele-Data Solutions today announced it has won CoreDial’s Top Performer Award, presented at the recent CoreDial [PartnerConnex](#) annual event. [CoreDial](#), a leading SaaS platform provider enabling channel delivery of Voice Cloud Communications, recognizes partners each year for outstanding growth and success. Tele-Data Solutions was awarded for demonstrating the largest increase of ARR year-over-year in 2016.

“CoreDial strives to ensure the success of our partners through support programs, marketing materials and educational and networking events like PartnerConnex. When we see partners demonstrating outstanding performance because of these activities and programs, we are thrilled to recognize them,” said Colleen Schmidt, director of partner success, CoreDial. “We’re very proud of this year’s award winners and wish them continued success throughout their bright futures.”

About Tele-Data Solutions

Tele-Data Solutions is a family owned and operated business since 1982. TDS caters and serves privately held businesses in Northern and Central NJ in various industries (i.e. Legal, Auto, Healthcare and Professional Services Industries). We focus on developing strong relationships and helping business solve communication problems through VoIP Phone Technology.
